

Highlights

Fast Mobile Broadband for All Your Devices

Connect your high-speed mobile broadband connection to multiple Wi-Fi devices such as smartphones, tablets, PCs, and more.

Status at a Glance

The OLED display tells you the status of your connection at a glance. See how many devices are connected to conserve data.

Go Anywhere

The DWR-932 is small enough to fit in your pocket, and its rechargeable battery means you're not tied to a wall outlet.

DWR-932

4G/LTE Mobile Router

Features

Connectivity

- Uses a SIM card to connect to the Internet
- Compatible with 802.11n/g/b wireless devices
- Micro-USB port for easy charging

Portability

- Up to five hours of battery in one charge so you stay connected longer
- Small size lets you drop it in a purse or pocket and take it wherever you go
- OLED display gives you current status at a glance

Security

- Industry Standard WPA/WPA2 Wi-Fi security protocol
- Built-in firewall
- Wi-Fi Protected Setup (WPS) for one-touch setup

The DWR-932 4G/LTE Mobile Router is a 4G/LTE Cat4 high speed broadband wireless WAN (WWAN) to Wi-Fi mobile hotspot. The DWR-932 uses a 4G Internet connection to give you an easy-to-deploy Wi-Fi network anywhere you need one. Instead of limiting your mobile Internet connection to a single device through a USB dongle, the DWR-932 allows you to create a Wi-Fi hotspot to share your connection. The convenient size means you can share your connection anywhere; use it in a cafe to send e-mail while your friend reads the news, or at the airport so you and your coworkers can work while waiting for your plane.

Connect Anywhere

Simply insert your data-enabled SIM card to set up your very own mobile Wi-Fi network. The DWR-932 is perfect for when you need to quickly set up an impromptu network. It's ideal for business trips when you need to share an Internet connection with everybody during a meeting, or use it for travel, allowing you to provide all your travel companions with Internet access.

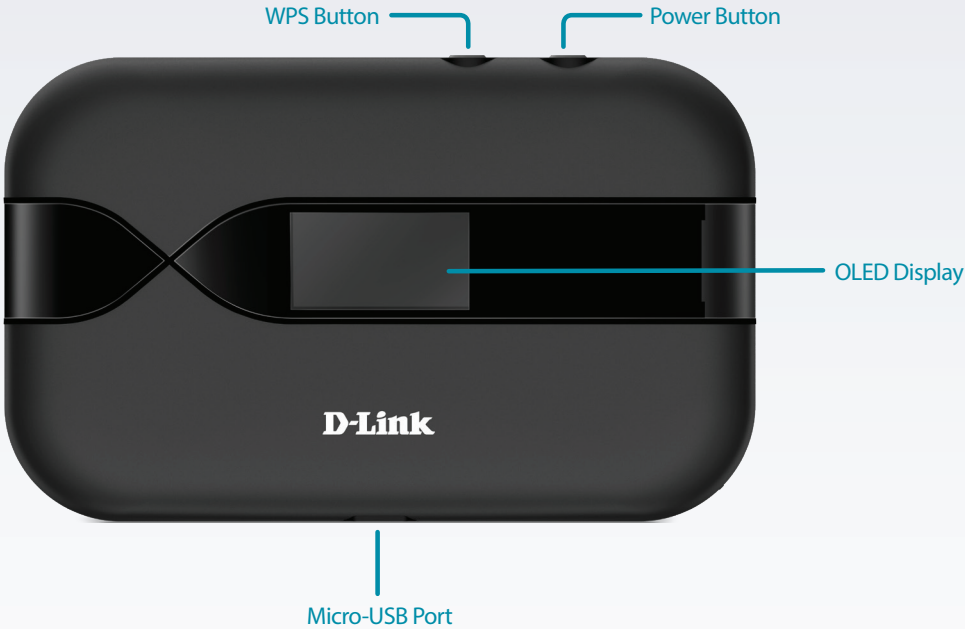

Easy to Set Up

Sharing your Internet connection doesn't have to be a complicated process - just open a web browser to access D-Link's modern, user-friendly graphical web interface. The setup wizard's easy to use step-by-step instructions will have your network up and running in minutes. Implement WPA/WPA2 wireless encryption in minutes with the wireless network setup wizard, or use Wi-Fi Protected Setup (WPS), which establishes a connection to new devices with the touch of a button.

Flexible Usage

The DWR-932 4G/LTE Mobile Router gives you instant connectivity, all in a powerful yet portable device, that fits easily into your pocket. The rechargeable 2000 mAh Li-ion battery allows you to stay connected for long periods of time, and it's plug-and-play with no complicated software to install. Getting online with the DWR-932 is quick, easy, and convenient.
