

DCS-8000LHV2

Mini Full HD Wi-Fi Camera

D-Link®

Product Highlights

True Full HD 1080p at 30 FPS Clarity
See more of your home in stunning detail

Person Detection
Intelligently tells human movement apart from objects so you can customize motion alerts and automation

Cloud Recording
Automatically back up video clips to the cloud for access anytime¹

Your Home, Only Smarter.

The Mini Full HD Wi-Fi Camera is a compact wireless network camera suitable for day and night time environments. It features built-in night vision, person detection, instant alert and video recording to the cloud — so you can feel at ease when you're away from home.

Good Things Come in Small Packages

Despite its small size, the Mini Full HD Wi-Fi Camera is full of useful features for monitoring your home. High-resolution Full HD 1080p video streaming at full 30 fps (frame per second) gives you a smoother video in more details. Integrated night vision allows you to see your home, even in complete darkness, so that you know what's happening at home 24/7. Built-in motion and sound detection automatically alerts you and starts recording if movement or sound is detected. What's more, the intelligent Person Detection feature can distinguish people from other moving objects. The 1-year free/paid mydlink™ cloud subscription allows you to store videos remotely to your personal cloud storage. You can even playback and download recorded videos from anywhere in the world on your smartphone or tablet.

Do it All with the mydlink™ App

You can set up your camera in no time with the new mydlink™ app for your smartphone or tablet. Once set up, you can view and manage your camera from anywhere with Internet access. With compatible mydlink™ smart home products, you can set up automation rules through interaction and scheduling. The One-Tap feature allows you to easily turn on/off multiple devices as well as detection alerts with a simple tap. This allows you to create scenes for when you are at home or away.

Features

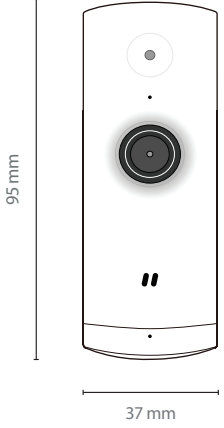

- ◆ View your camera remotely from anywhere in the world²
- ◆ Save snapshots and video clips using the mydlink app³ on your smartphone or tablet, or to your personal cloud storage⁴
- ◆ Full HD 1080p at 30 fps for smooth, high-resolution video streams
- ◆ 138-degree wide viewing angle
- ◆ Incredibly small and easy to setup
- ◆ Connects to your home's existing Wi-Fi network
- ◆ Supports the latest WPA3 Wi-Fi encryption
- ◆ Integrated night vision
- ◆ Motion/person and sound detection with instant push notification alert
- ◆ Works with mydlink Smart Home devices⁵, Amazon Alexa, the Google Assistant⁶ and IFTTT
- ◆ Compatible with NVR and VMS through ONVIF Profile S

Technical Specifications

Camera		
Hardware Profile	• 1/2.7" progressive CMOS sensor • Lens focal length: 3.28 mm • Aperture: F2.2 • 5 m IR illumination distance • Minimum illumination: • B/W (Night Mode), IR LEDs on: 0 lux	• Angle of view (16:9): • Horizontal: 113° • Vertical: 58° • Diagonal: 138° • Built-in Infrared-Cut Removable (ICR) Filter • Built-in microphone
Video Support	• H.264 format compression	• Max. Resolution: 1080p (1920 x 1080) at up to 30 fps
Audio Support	• MPEG-2 AAC LC	
Network		
Connectivity	• 802.11n/g wireless with WPA3/WPA2/WPA encryption	• Bluetooth Low Energy 4.0 (for quick setup)
Network Protocols	• IPv4, IPv6 • DHCP Client • Bonjour (mDNS and DNS-SD) • ONVIF Profile S	• RTSP • RTCP • RTP/SRTP • HTTPS
Features		
Event Management	• Push Notifications with quick action buttons: • Call up to 2 designated contact numbers • Live view button • Push Notifications with a snapshot when the device detects motion/people/sound	• Person detection • Cloud recording² • Sound detection • Motion detection
Mobile Support	• mydlink™ app for iOS, and Android devices ⁴	
Web portal (with limited functionality)	• Compatible with Chrome 42 and higher, Firefox 12 and higher, Microsoft Edge	
NVR/VMS Support	• Compatible through ONVIF Profile S	

Physical	
Environment	• For indoor use only
Weight	• 59 g (2.08 oz)
Power Adapter	• Input: 100 to 240 V AC, 50/60 Hz • Output: 5 V DC 1 A (Micro-USB) • Cable length 1.5 m
Power Consumption	• Maximum: 4 W ± 5%
Temperature	• Operating: 0 to 40 °C (32 to 104 °F) • Storage: -20 to 70 °C (-4 to 158 °F)
Humidity	• Operating: 20% to 80% non-condensing • Storage: 5% to 95% non-condensing
Certifications	• CE • LVD • FCC Class B • IC • RCM • NCC
Dimensions (L x W x H)	• 37 x 43 x 95 mm
Diagram	 The diagram shows a front view of the camera. It is a vertical, cylindrical device. At the top, there is a small circular lens. Below it is a larger circular lens. At the bottom, there is a small circular lens. The dimensions are indicated as 95 mm in height and 37 mm in width.

- ¹ Use of audio or video equipment for recording the image or audio of a person without their knowledge and consent is prohibited in certain countries or jurisdictions. The end-user assumes all liability for compliance with applicable local laws.
- ² Smartphone or tablet must have access to the Internet via Wi-Fi or mobile Internet.
- ³ Please refer to the mobile app's store page to check whether your device is compatible.
- ⁴ Subscription required. 1-year free and paid subscriptions are available. Please visit www.mydlink.com for more details.
- ⁵ Please visit www.dlink.com for more information on mydlink products that support Smart Home functionality.
