Intesis AC interfaces
for Daikin Air Conditioners

The Intesis gateways for Daikin Air Conditioning systems, are proven and trusted products that connect Daikin AC systems to the most popular Home and Building Automation standard protocols.

Compatibility is a major factor in the development of Intesis gateways. Our experts ensure that the gateways are up to date with new Daikin features and innovations, introducing them seamlessly into existing products.

Intesis Air Conditioning Interfaces

Intesis offers high quality Air Conditioner interfaces for the integration of climate systems into BACnet, KNX, Modbus and 2.4 GHz wireless installations.

Enjoy the benefit of working with the market leader in the field of Air Conditioning integration that offers highly reliable solutions developed in collaboration with all major AC manufacturers.
